CONNECTING KIDS WITH NATURE

Outdoor Environmental Education Program YMCA CAMP SEYMOUR BEYOND THE BELL PROGRAM/TACOMA, WA

Part Time OEE Outreach Instructor

Employment dates: February 2022 – June 10th, 2022.

Salary: \$18/hour. Paid internships if under 21 years of age.

Duties: As an OEE Outreach Instructor in the Beyond the Bell Program you would be part of an inclusive and collaborative team working to provide quality programming to a diverse student population in the areas of natural science, outdoor skills, environmental stewardship and social awareness. Educators will typically work independently from 3:00-6:00 pm Monday-Thursday running after school programming at a local Tacoma Elementary School. Educators teach classes ranging from squid dissection, geology, ornithology, reptiles, sustainable systems, teambuilding, orienteering, and many more. Training provided.

Qualifications: Staff model the YMCA core values of respect, caring, honesty and responsibility. We seek individuals dedicated to providing today's youth with positive, outdoor experiences. Required qualifications include a displayed ability to maintain a positive work attitude, experience working with children, and a First Aid/CPR/AED certification. Favorable qualifications include education and environmental science majors.

Paid training is provided in aspects of the curriculum and program activities. Opportunities for additional professional development are available. Other benefits include a supportive, hardworking, and fun community, and fulfilling work in the beautiful Pacific Northwest.

To apply: Send resume and letter of interest to:
